WM. G. M'ADOO WITHDRAWS FROM PRESIDENTIAL ARENA

**Says Decision Irrevocable; Says
He is Not Financially Able
For Presidency**

New York, June 18.—Wm. G. McAdoo, who has been considered by a yriepa—r hap rah radoradara party leaders as one of the principal candidates for the Democratic presidential nomination announced Friday he would not permit his name to go before the San Francisco convention. "This decision," he said, "is irrevocable as the path of duty seems to me clear and unmistakable."

His decision was made known in a telegram to J. M. Shouse, Democratic delegate at large, from Kansas, who had telegraphed Mr. McAdoo that sentiment throughout the country was rapidly crystallizing in his favor, that his friends would like to have him permit his name to be presented to the convention and that they were certain he could be nominated and elected.

McAdoo's Telegram
Mr. McAdoo's telegram follows: "Your tele argmof... einbom—" "Your telegram of June 17 requires an explicit and immediate answer. I am profoundly grateful to you and to my other generous friends who, with such spontaneity and unselfishness have without my solicitation advocated my nomination. To cause them disappointment distresses me deeply, but I am unable to reconsider the position I have consistently maintained, namely, that I would not seek the nomination for the presidency. I cannot, therefore, permit my name to go before the convention. This decision is irrevocable, as the path of duty seems to me clear and unmistakable. "The considerations which compelled me to resign as secretary of the treasury and director general of railroads, after the armistice in 1918, in large measure still prevail. I must have a reasonable opportunity to rehabilitate my private affairs and to make that provision for my family which, in time of peace, is at once the sacred duty and the cherished desire of every right-thinking man. Having been out of office less than 18 months, I have not yet been able to accomplish these objects. Moreover, a presidential campaign imposes upon the candidate unavoidable expenses which I am unable to assume, and which I do not want my friends to assume.

"The record of the recent Republican Congress and the platform and candidates of the Republican national convention make Democratic victory in the next election almost certain. Victory will be certain if the Democrats adopt a straightforward, unequivocal, unevasive, honest and liberal platform and put forward candidates who will command public confidence. We must stand squarely for ratification of the league of nations without debilitating reservations, and we must be direct and explicit on the important domestic issues. The times are not propitious for equivocation or for appeals to blind passion or to doctrines of hate or for reactionaries and those who would shut their ears to the great and swelling voice of humanity which cries aloud for the restoration of peace and good will at home and in the world and for the opportunity to live in an atmosphere of justice, progress and prosperity.

"I feel sure that my friends will appreciate the sincerity and propriety of my position and that they will do everything in their power at San Francisco to assure the continuation of the enlightened principles and liberal policies of Democracy. These are more than ever essential to the security and well-being of the American people."

FIGHT ON OVER CREDIT FOR HARDING VICTORY

Chicago, June 19.—The post-convention contest is on among Republican claimants to the credit for having hatched the plan to nominate Senator Harding for the Presidency. One faction of claimants is whispering around in confidence, with the expectation that the report may find its way into print, that George Harvey, publisher of a weekly pamphlet, was the father of the scheme and that he was the central figure of a conference which brought about the result.

Colonel Harvey, who was one of the discoverers of Woodrow Wilson, has liked the name of being a President maker, and this report would give him this role in the event Senator Harding should be elected. Since the conference which really did the work was held at the Blackstone Hotel where Colonel Harvey had his headquarters, the report had that circumstance on which to flourish.

The fact is that Colonel Harvey, Senator Brandegee and one or two others who flocked around the Harvey suite were grooming for the nomination a dark horse whose name was not Harding. The Senatorial conference which turned the trick was wholly independent of that group. It was held in another part of the Blackstone and was led by Senators Smoot and Wadsworth and former Senator Crane. There were others, all of whom could control votes—which could not be said of the Harvey coterie.

The Senatorial clique accomplished its plan despite Colonel Harvey and his friends and probably no persons at the convention were more disappointed than the latter when they discovered that the drift to Senator Harding ended the chance of their dark horse.

NATIONAL COMMANDER VISITS KENTUCKY

Franklin D'Olier, National Commander of the American Legion, will visit the Department of Kentucky, June 25. He will be entertained at Louisville on that date. Following is the program:

First: Noon, Mr. D'Olier will be the guest of honor at a joint luncheon to be given by the American Legion and the Louisville Board of Trade at the Seelbach Hotel. At this luncheon, Mr. D'Olier will speak on the subject of Adjusted Compensation and the Legion's attitude thereon.

Second: At 6:30 P. M., an informal reception will be given by the American Legion of Kentucky at the Seelbach Hotel, in honor of Mr. and Mrs. D'Olier.

All functions will be informal so far as dress is concerned. All members of the American Legion of every Post in the state of Kentucky are invited to any or all of these meetings.

Dr. A. B. Riley, Commander of Ohio County Post, has been selected as a member of the reception committee. He has notified Legion Headquarters that he will attend.

IN LOVING MEMORY.

Lella Brown departed this life, May 9th, 1920. She became a Christian at an early age, being only 18 years of age at the time of her death. She devoted her life to serving the Lord. She leaves a father, brother and sister and a host of relatives and friends to mourn their loss. Now she is a bright angel in heaven, waiting for our coming. May God, the great teacher, guide us through this life to that home in heaven, there to meet dear Lella to part no more.

A SISTER IN CHRIST.

EMBRYO WORLD COURT MEETS AT THE HAGUE

**Root to Represent United States
In Organization—Court
To Be Final**

The Hague, June 21.—The conference of jurists invited by the league of nations to meet in the capital for the organization of a permanent international court of justice opened its sessions here last week. The conference was inaugurated by Leon Bourgeois, president of the French Association of the Society of Nations, who in speaking on behalf of the council of the league of nations referred to the presence of Elihu Root, former secretary of state of the United States and one of the delegates to participate in the construction of the court.

Mr. Root's attendance as a representative of America, said M. Bourgeois, "is a proof that the old world and the new, notwithstanding passing difficulties, will not be separated by a lasting barrier."

The "terrible lesson of the war," continued the French statesman, was necessary to make the peoples of the world understand that the basis of peace between nations did not lie in force. He declared the proposed court would be a really permanent body, not merely a court of arbitration, and that it would render decisions from which there would be no appeal. It would be necessary, he added, to have a strong organization to carry out the decisions which would be made in future by the body to be organized.

WET ISSUE LOOMS IN CONGRESSIONAL RACE

Shelbyville, Ky., June 17.—The liquor question apparently is to be the main issue in the race for the Democratic congressional nomination in this district.

In a joint debate here today by Judge Ralph Gilbert, Shelby; Lieut. Col. Frank L. Ripy, Anderson, and George T. Davis, Adair, the principal point of argument was prohibition, on which each announced his opposition, as follows:

Judge Gilbert strongly favored the Eighteenth amendment and strict enforcement of the Volstead act.

Mr. Davis declared himself in favor of modification of the enforcement law to an extent which would permit farmers to make cider and housewives wines.

Colonel Ripy said his position would be determined by action of the national convention in San Francisco.

CONSOLIDATED SCHOOL

At an open election June 12 the taxpayers of the Greenbriar and Porter Hill school districts voted the consolidation of the two schools with a 20 cent levy by a 3 to 1 majority. This is the first consolidation in the county and marks the beginning of a new day in Grayson county education. The County Board has granted the consolidated district \$1000 and the two old buildings toward construction of the new building. Plans have already been made, and the new school will be a two story modern structure with four rooms 30x22, two cloak rooms, an entry hall, and a lunch room. Yeaman will be the site of this new building, as it is the center of the new district.—Leitchfield Gazette.

Moving Van Also May Take Liquor to New Home, Under Ruling of Collector

At least one of the big troubles of the man who moves his residence, either because he has sold it, or because his landlord has sold it, was lifted by Elwood Hamilton, Internal Revenue Collector, yesterday, when he ruled that the householder may take his wet goods with him.

"If his possession of the liquor in question is bona fide—that is, if he has kept it in his own home, for his own use, and those of his actual guests—he may take it with him when he changes his residence, no matter where he makes his new home," Collector Hamilton said. In changing his residence, the

KENTUCKY FOR LEAGUE OF NATIONS, SAY DELEGATES

**Will Sidestep Liquor Plank and
Vote for Ohio's Governor
For President**

Louisville, Ky., June 20.—If sentiment reflected by members of the Kentucky delegation in individual expressions of opinion is general in San Francisco, the Democratic National Convention, besides nominating Governor Cox, will sidestep a liquor plank and give unqualified approval to President Wilson's League of Nations.

Ten of thirteen opinions given yesterday by delegates indicate that Kentucky will support Governor Cox. Only one of the delegates expressing views feels that "safeguarding reservations" should be attached to the covenant.

Only one delegate favors modification of the prohibition enforcement act. Ten are either in favor of standing aloof from the question or of adopting a law enforcement plank.

A majority of the delegates are pledged to vote for Governor Cox, but some opinions have been expressed that bligatins will have been discharged after the first ballot. It is known, however, that some of the delegates will vote for the Ohio Governor as long as his name is before the convention.

"I favor home rule and State rights as defined by Henry Watterson, and therefore favor a substantial modification or repeal of the Volstead act, a law conceived and enacted for the sake of expediency rather than principle," said R. E. Lee Simmerman, delegate from Hartford, Ohio County, when questioned regarding his views as a delegate to the Democratic convention.

"If I directly interpret President Wilson's position I favor the League of Nations as proposed by him, but I would not oppose proper safeguard modifications.

"In the light of Senator Harding's nomination by the Republicans for President I am more than ever convinced of the availability of Governor Cox for the Democratic nomination. Aside from his qualifications, his nomination would, in my judgment, be the part of wisdom and good politics."

Judge Gordon for League

Judge J. F. Gordon, Madisonville, when asked to express his views as a delegate, said:

"I believe the League of Nations should be ratified for the purpose of giving it a fair trial. The Volstead act should not be amended in any way that could possibly afford a cloak for violators of the provisions against manufacture and sale of ardent spirits as a beverage.

"I chiefly desire a platform favoring strict observance of constitutional limitations on the Government, also strict enforcement of laws for the security of property and personal liberty, especially in conflicts between capital and labor, denying to both even a tacit right or privilege to violence or intimidation. "I oppose the doctrine that labor is not a commodity, but consent to the distinction that the laborer himself is not a commodity.

"I have no choice for the Democratic nomination for President and will have none until I see the platform."

Everybody is coming to the celebration by your self. Hartford Fair, July 3rd, do not stay at Grounds is the place. 252

WILL SUPPLY SUGAR TO CANNING CONCERNS

New York, June 1.—Distribution of sugar to preserve manufacturers and canning concerns pro rata according to a refinery capacity was determined at a conference here between A. W. Riley, special assistant to Attorney-General Palmer; Marcus Blakemore of Louisville, Ky., president of the National Preservers and Fruit Products Association, and representatives of two large sugar refineries.

Mr. Blakemore wired the 67 members of his association, which is said to represent 90 per cent of the jam and jelly output in America, that "therefore the sugar crisis is ended, as refineries have agreed promptly to supply sugar where needs are urgent." He pointed out at the conference that sugar represents 60 per cent of finished jam and jelly products. He predicted that as a result of the refineries' agreement there would be an increase of 40 per cent in the output of those products next winter.

MRS. HOOKER WILLIAMS ENTERTAINS SOCIAL CLUB

The Hartford Ladies' Social Club met with Mrs. Hooker Williams, at her country residence near this city, last Wednesday afternoon. A number of games of Progressive Rook were enjoyed and then came a refreshment course. This was a very enjoyable gathering and the ladies were in declaring Mrs. Williams a splendid hostess.

Besides the club members, the following ladies were present: Mesdames, James Lewis, Andrew Payne, Sam Taylor and Floyd Arbuckle, of near Hartford, and Clarence Overhultz, of Cedar Edge, Colo.

PERMIT GRANTED FOR \$75,000 FACTORY

Louisville.—Application for permit to build a \$75,000 factory at Thirty-second Street and the Kentucky & Indiana terminal tracks was filed by the Kentucky Tire & Rubber Association with the city building inspector. The company at present has offices in the Realty Building. W. R. White, vice president, is in charge. The proposed factory building will be of concrete, steel and brick construction.

EX-KAISER IS ATTACKED BY BELGIAN IN DOORN CASTLE

Doorn, Holland, June 19.—There are persistent rumors in the village that the former German Emperor has been assaulted by a Belgian, who, showing a forged pass, gained admittance to Doorn Castle. It is asserted that the former Emperor was wounded in the jaw and that the Belgian was arrested. It has been impossible thus far to ascertain whether these rumors are true.

FRAUD SEEN IN WHISKY SALES BY FEDERAL COURT

**Permits Forged for Removal
From State of 335 Cases
Seized in Ohio**

Louisville, Ky.—Because thousands of cases of whisky are believed by federal officers to have been taken from Kentucky distilleries into other States on fraudulent Government permits, United States Internal Revenue officials are considering sweeping changes in the manner of issuing permits to sell and transfer whisky, and arrests of several offenders may follow, it was learned at the Federal Building.

The information was given out following seizure of 335 cases of liquor by Federal agents while they were being transported from a Kentucky distillery to Cleveland on a permit that the agents claimed was not genuine.

A number of instances have been found by Government officials where permits from Prohibition Directors of other States to take whisky from Kentucky have been "raised" before being presented to the Director of this State, according to Elwood Hamilton, Collector of Internal Revenue. Other cases are known where permits have been forged, it is declared.

To what extent the frauds have been practiced will not be known until all sales are thoroughly checked by Government inspectors, Mr. Hamilton said.

Kentuckians Not Accused

No Kentucky distiller, so far as is known, has knowingly taken part in any of the swindles, Mr. Hamilton said. The illegal work in each case has been done before the permits have been delivered to the State prohibition director. Investigation is expected to reveal every case.

The transactions enable wholesale dealers to obtain more liquor than the three months' supply, allowed by law, and more than that for which dealers have bonded themselves.

Following is the alleged method that has allowed use of bad permits. A person wanting a permit makes application to the prohibition director of the State in which his business is located.

The permit is made out by the officer and given to the applicant to present to the director of the State from which he desires to take whisky.

This officer files the permit. Two copies of an order to withdraw from the distillery are made out. One copy is given to the applicant, the other is sent to the Collector of Internal Revenue.

Two Copies Are Made

When the applicant draws the whisky from the distillery the two copies are compared to make sure that they agree.

Alterations considered by the Government would keep the papers always in the hands of Government agents. Instead of giving the applicant the paper the director of the State in which it was filed would forward it to the director of the State from which the withdrawal was to be made.

Use of protectographs, similar to those used on checks, and seals of State prohibition directors would also be employed.

BOYS IN TRENCHES DON'T WANT A "HAND-PICKED"

The Republican leaders have failed to have only "one" candidate for the Republican nomination for Congress in the Fourth District.

Hon. J. P. Haswell, Jr., of Louisville, according to the Hert organization of that city, was slated to be the "only one" to be in the race, but it seems the "machine" has had a clog to slip and two other gentlemen of the G. O. P. want a look in and have filed their petitions with the Secretary of State to get their names on the primary ballot. Those seeking the nomination are J. P. Haswell, Jr.; Marshall Duncan, of Springfield, and W. P. Hays, of Bloomfield.—Meade County Messenger.

THREE NEGROES HUNG BY DULUTH MOB

Storms Jail and Seizes Circus
Roustabouts Held in Attack
On White Girl

Duluth, Minn., June 18.—Three negroes were lynched here Tuesday by a mob estimated at 5,000 persons, which overpowered police, took possession of police headquarters and seized the negroes, who were held in connection with an attack on a young white girl.

A mock trial was held by the mob in the police station, and three negroes were found guilty, and three others, also held in connection with the assault, were acquitted and turned back to the police.

Not a shot was fired in the attack on the police station, the mob using bricks and other missiles, and in final stages of the fight streams of water from fire hose taken from police themselves.

Shortly after midnight the mob still surrounded the police station, but there was no indication of further trouble. The police believed the mob would disperse in a few hours without other disorder.

Mob After Four Others

It was reported that three or four trucks and automobiles, loaded with members of the mob, had started at midnight toward Virginia, Minn., where it was said four other negroes had been arrested in connection with the same case.

The negroes were roustabouts with a circus that appeared here and the 17-year-old white girl was attacked on the circus grounds. The circus was in Virginia Tuesday and it was said eight negroes were taken into custody there, but only four held.

One report was that the Virginia authorities and John Murphy, Duluth's Chief of Police, had started back to Duluth with these four suspects before the mob trouble broke out here, but it was understood that the party had been diverted to another city.

The negroes hanged were Isaac McGhie, Elmer Jackson and Nate Green, all about 25 years old. They were lynched in the order named at 11:30 p. m. 11:38 p. m. and 11:45 p. m. All professed innocence.

First indications the downtown district received of trouble brewing came at 7 o'clock this evening when trucks loaded with men dashed up and down the principal streets, the men calling for "volunteers to avenge the wrong done the white girl."

Mob of 5,000 Mobilized

There was ready response and it was estimated that the mob numbered 5,000 shortly after 8 o'clock. Then storming of the jail began.

The first concerted attack was made on the rear entrance. Near the building was a pile of bricks, used on a construction job, and of this the mob took quick advantage. Bricks were sent flying through windows and against the rear door.

This let the mob into the basement of the police garage, and as it started up the stairs to the first floor, strong spurts of water washed its members back.

Bricks again were brought into play and as the battle waged at the rear of the building other members of the mob attacked the front entrance.

Mob Cuts Police Hose

Here, too, police were prepared to fight back the mob with water, and in the water duel that ensued neither side had a marked advantage until the mob managed to cut the police hose. This caused a momentary retreat by the police and the mob began battering down the front door.

After entrance had been forced from the front, the police offered no further resistance, realizing, they said, that attempts to use firearms would turn the disturbance into a riot of even more serious proportions and probably cause extensive life loss.

Within the police station the mob faced two heavy steel doors, barring the way to the prisoners' cells. With a large timber, the steel doors were battered down after an hour's attack. It took only a few minutes to force open the cages and gain possession of the suspects.

AN INDUSTRIOUS BOY

The Tulsa, Oklahoma Tribune has the following to say about the son of Mr. and Mrs. Ezra Gorman, former Ohio Countians:

Hayden Gorman is only a Tribune carrier now, but some day he expects to be a power in the business world. He has demonstrated that he can carry a paper route and make money. He has \$16 on deposit, owns a \$10 baby bond and \$10 worth of oil stock and has bought all his school clothes and shoes.

BOYS

BOYS are well-known. You don't have to go to far lands or to the County Fair to look upon them. Everywhere, it is still the style to have Boys.

Perhaps you are trying to run one or more Boys right this minute. Then you will know that since the world began they were never so tremendously important as now. Your hopes and your aims center on them. You must deliver them out of Boyhood into successful Manhood.

Will your sons stay with the land, or will the will-o-the-wisp of the cities call them away? Armies of country Boys, who could be happiest and most successful on farms, respond to the artificial glamour of town life before they are old enough to know their own minds. They do not know that the rewards of country life—in money, health, and happiness—are far greater. Make them realize that! Guide the restless ambitions of your Boys and spare no pains!

Machines have been a powerful factor in stemming the flow to the cities. Machines banish drudgery and make labor interesting; machines foster the love of mechanics in the Boy; machines are builders of fortunes.

You now own many of the machines made by the International Harvester Company. We are headquarters for the International Full Line, including Titan tractors, International engines, and manure spreaders, Primrose cream separators, McCormick and Deering harvesting, haying, and corn machines, tillage tools, P&O plows, etc. Give the Boys every chance for liking farming and farm life. Perhaps more of these machines will help keep them contented.

The undersigned Board of Drainage Commissioners of Ohio county, Kentucky, will on Monday, the 5th day of July, 1920, at 1 o'clock p. m., at the court house door in Hartford, Ohio county, Kentucky, let to the lowest and best bidder, at public outcry, the construction of a public ditch in said county, known as the H. A. Ashby ditch, beginning at a small bridge on the Hartford and Ross' Ripple road, and the corner between Sallie B. Ashby and H. A. Ashby in line of R. & I. Ashby, and terminating at a point on Walton's Creek, on the land of Alva Calloway, about 1,662 feet, with its meanders, from the mouth of said creek, following the directions set out in the judgment of the Ohio County Court, in the action of H. A. Ashby, et al., Petition for Ditch or Drain, now pending in said court, a distance of 6,673 feet. It is estimated that there will be 14,007.06 cubic yards of earth, etc., to be excavated and the total estimated cost thereof is \$2,801.48. Said work to be completed on or before Jan 1, 1921.

Bond with approved security will be required as soon as bid is accepted. The board reserves the right to reject any and all bids and to let the contract for said work in sections or as a whole, as they may see fit.

This June 16, 1920.
BOARD OF DRAINAGE COMMISSIONERS OF OHIO COUNTY.
By S. T. BARNETT, President.
Attest:
McDOWELL A. FOGLE, Secy.

BETTER TRANSFER SERVICE!

On and after July 1, I will be able to give you 100 per cent better transfer service between Hartford and Beaver Dam, for the following reasons:

I will operate nothing but clean, easy riding Dodge cars.

You will not be compelled to wait while the mail is being loaded.

You will not be compelled to ride in a mail truck with the dirty mail bags.

I will be able to start promptly on time, as I will have no mail for which to wait.

I appreciate your patronage while I was handicapped by the mail contract, and assure you that it is with pleasure that I announce a better service for you.

Respectfully,
J. E. CURTIS.

There is more Catarrh in this section of the country than all other diseases put together, and for years it was supposed to be incurable. Doctors prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Catarrh is a local disease, greatly influenced by constitutional conditions and therefore requires constitutional treatment. Hall's Catarrh Medicine, manufactured by F. J. Cheney & Co., Toledo, Ohio, is a constitutional remedy, is taken internally and acts thru the Blood on the Mucous Surfaces of the System. One Hundred Dollars reward is offered for any case that Hall's Catarrh Medicine fails to cure. Send for circulars and testimonials.

FOLLOWED ADVICE GIVEN BY FRIENDS AND IS NOW HAPPY

Mrs. Christman Felt Like Different Woman Before First Bottle of Trutona was Finished

Louisville, Ky. June 22.—"Before I had finished the first bottle of this wonderful medicine Trutona, I felt like a different person," says Mrs. Kate Christman, who lives in Louisville at 7.7 East Walnut Street.

"I was suffering from a paralytic trouble in my left side. The trouble was so severe I could hardly get around. I tried, to get relief, but the means I resorted to didn't help me much. One day a friend told me about Trutona, and advised me to try the medicine."

"I bought a bottle of the Perfect Tonic, and as I said before, it was not long before I felt like a different woman. Before I began taking Trutona, if I would bend over, I'd become so dizzy I'd have to hold on to something to keep from falling. But now I'm able to reach down and pick up things from the floor without any support. In fact, I'm able to get around like a young woman, now. I advise all who need a Perfect Tonic, to try Trutona."

Trutona is really a medicine of unusual merit. It is unsurpassed as a reconstructive agency, system purifier and body invigorant. It has been declared peerless as a treatment for stomach, liver and bowel troubles.

Trutona is sold in Hartford, Ky., at James H. Williams, and in Beaver Dam, at the Beaver Dam Drug Company. (Advertisement.)

THIRTY-FIVE POUNDS OF SUGAR AT DOLLAR

Richmond, Ind.—W. D. Fancher, a Pennsylvania railroad employee, while cleaning a newly-purchased house, preparatory to occupying it found a statement of account from a firm formerly engaged in the retail grocery business here, dated February 2, 1897. Items listed thereon included 35 pounds of granulated sugar for \$1; coffee, 15 cents per pound; cornmeal, five pounds for 7 cents; "best" tea, 26 cents per pound and soap, 3 bars for five cents. The account will be retained by the finder as a curiosity, he said.

Helped Man And Wife

Walter Farrand, 1093 Springfield Ave., Irvington, N. J., writes: "My back ached continuously, as did my wife's." After taking Foley Kidney Pills, we were surprised with the quick results. I recommend Foley Kidney Pills to any one who has kidney or bladder trouble. They help rid the blood of impurities that cause rheumatic pains, swollen, aching and stiff joints and muscles and other symptoms of kidney trouble. (Advertisement.)

Got Good Results

This honest, straight forward letter from a woman who has suffered should be heeded by all afflicted with backache, rheumatic pains, sore muscles, awful tired feeling and other symptoms of kidney and bladder trouble. "I have got such good results from Foley Kidney Pills that I can sleep much better and the pain in my back and sides is a good lot better. I am going to keep on taking them." Mrs. Chas. Gray, 270 6th St., Detroit, Mich.

BEAVER DAM

We are very sorry to learn that Mr. and Mrs. E. E. Tartar will not be with us next year. Mr. Tartar has resigned the position here and accepted the place of principal of Carlisle County High School. The years Mr. Tartar has had charge of our school have seen much improvement and an increased enthusiasm in school work. Professor Warren Payton, of Fordsville, has been elected to succeed him, and we are told a better man for the place could not have been found. He has been in school work for twenty-five years, is a graduate of Peabody College, Nashville, Tenn., and has been doing Smith Hughes work over three years. He comes highly recommended and Beaver Dam is looking forward to next year expecting a most excellent school.

Misses Addie and Myrtle Taylor left for Bowling Green, Monday, where they will attend the State Normal this summer.

Miss Francis Hodge, of Herrin, Ill., is visiting relatives here this week and will return home about Thursday.

Mr. Dudley Tanner, of Rockwood and Hiram, Tenn., was in town a few days last week. Mr. Tanner taught in our school, here, several years ago and has a host of friends.

Mr. Clarence Renfrow, of Owensboro, is visiting his parents, Mr. and Mrs. A. B. Renfrow.

Mr. and Mrs. Leslie Leach and Mrs. Coleman, of Central City, were guests of Mrs. B. C. Barnes, Sunday.

Miss Mary Her is home from the Bowling Green Normal, where she has been a student the past school year.

Mrs. Rosa Morris, of Boonington, Ill., is the guest of Mrs. R. J. Stevens.

Mrs. Luther Liles has returned home from a five weeks visit to her sister, Mrs. Harley Simms, in Cincinnati, Ohio. Her sister came with her.

We are cheerful again the Beaver Dam Baseball Team won the game with McHenry, Sunday, score 4 to 5. It was too bad though that George Roy got hurt.

Rev. H. S. Bell, of Lebanon, Junction, preached at the Baptist church Sunday morning and evening.

The two acre lot belonging to the Baptist church (just back of parsonage) was sold by church trustees at public auction Saturday. It was bid in at \$266 by J. T. Embry.

LEAGUE FOR YOUNG AMERICANS FORMED

Indianapolis.—Organization of a Junior American League, composed of school children of Hoquiam, Washington, has been completed, according to an announcement made by Arthur Woods, chairman of the Americanism Commission of the National Legion.

The purpose of the organization, according to the announcement is to promote Americanism. Every school child in the city of Hoquiam is eligible to join the organization, all expenses of which are paid by the American Legion post of the city. Members are given an emblem, modeled somewhat after the American Legion emblem, and a certificate of membership.

OVER BILLION DOLLARS PAID TO SERVICE MEN

Washington, D. C.—Up to May the Bureau of War Risk Insurance settled a total of 127,151 insurance claims, representing a total value of \$1,131,552,173.45. At the time of this compilation, only 5,119 claims were pending, and in most of these cases the beneficiaries reside in foreign countries where disturbed conditions render communication impossible.

Up to the same time, the number of applications for conversion of War Risk insurance into Government Life policies numbered 133,242, for amounts aggregating more than \$400,000,000.

Regardless of how long a service man's insurance has lapsed or been cancelled, and regardless of how long he may have been out of the service, a special ruling permits reinstatement at any time up to July 1, this year.

Takes Hold Ad Helps

Colds that "hang on" should be gotten rid of, for no one can stand the strain of racking cough, disturbed sleep and irritation of throat and lungs. Marie Heisler, Freeport, Ill., writes: "I had more or less of a cough for years and I have taken quite a number of medicines. None of them takes hold and helps like Foley's Honey and Tar." This old, reliable cough syrup promptly helps coughs, colds, croup and whooping cough. Contains no opiates. Children like it.

JACK DEMPSEY'S TRIAL HAS BEGUN IN FRISCO

San Francisco, June 14.—Testimony intended to show that Jack Dempsey in answering his draft questionnaire, declared his wife, parents, widowed sister and two children were dependent upon his earnings, and thus deferred classification should be granted, was offered by the government at the opening of the trial of the champion heavyweight pugilist on a charge of evading the military service act.

AIRPLANE SERVICE BETWEEN CINCINNATI AND LOUISVILLE

Louisville, Ky., June 14.—Plans for the operation of passenger and freight service by air between Louisville and Cincinnati, was definitely formulated by promoters by the filing of articles of incorporation with the county clerk for the Ohio Valley Aero Transport company with a capital stock of \$40,000. The service is expected to begin July 15.

JIM CROW ARRESTS

Muskogee, Okla.—Four negro women are in jail because they refused to ride in the "Jim Crow" section of a street car. The four were arrested by a street car conductor after they declined to move from the "white" to the "black" section of seats.

OH, DEAR! MY BACK!

Merciful Heavens, how my back hurts in the morning! It's all

due to an over-abundance of that poison called uric acid. The kidneys are not able to get rid of it. Such conditions you can readily overcome, and prolong life by taking "Anuric" (anti-uric-acid). This can be obtained at almost any drug store, in tablet form.

When your kidneys get sluggish and clog, you suffer from backache, sick-headache, dizzy spells, or twinges and pains of lumbago, rheumatism or gout; or sleep is disturbed two or three times a night, get Dr. Pierce's Anuric, it will put new life into your kidneys and your entire system. Send Dr. Pierce's Invalids' Hotel, Buffalo, N. Y., ten cents for trial package.

MEMPHIS, TENN.—"Dr. Pierce's Anuric is the best medicine for the kidneys and for backache that I have ever taken. For some time my kidneys have been giving me a lot of trouble. I suffered with backaches and rheumatism in my joints and limbs causing me a lot of misery. On learning of the 'Anuric Tablets' I began their use and they have given me real relief when all other kidney medicines failed to help.

"I am glad to recommend 'Anuric' to others who suffer with this ailment."—Mrs. E. C. Wilson, 660 N. Sixth St.

The first Republican Congress that we have had since 1910 has adjourned. The President was asked to urge it to remain in session, but he refused because it has not done anything but exploit its functions for political purposes during the year it has been in session. The Louisville Herald correctly says the President "charged the Congress not only with wasting time, not only with incompetency, but with playing politics; and very sensibly adds, "we do not propose to rush to its defense at this time." This Congress has proved itself the most expensive and the most worthless in perhaps twenty years. It has proved itself either incompetent or unwilling to do anything for the benefit of the people. With a Republican majority in both Houses, it has failed to repeal war legislation, failed to reduce taxes, failed to lower prices, failed to remedy the railroad situation, failed to relieve the farmers, failed to take up the solution of any of the economic or industrial problems confronting the people, thoroughly and ingloriously failed to do anything of permanent or constructive value, or that would recommend it to the confidence of the American people. There are none "to rush to its defense," none to regret its passing.

FOUR STORES AND BANK ROBBED AT BREMEN, KY

Thieves payed havoc in the little mining city of Bremen, Muhlenberg County, Monday night. First, they entered a blacksmith shop and secured a number of tools, and then with these, they proceeded to break into and loot 4 stores and the Post Office. They secured some money from each of the stores and arried away considerable merchandise.

They were unable to break into the safe at the Post Office and did not find \$20.00 in pennies that was wrapped up and lying in the office.

Beauty and Comfort

THERE is no corset which can equal a Redfern in giving that sense of luxurious comfort which women instinctively appreciate. A Redfern will give your figure the most beautifully modelled contours imaginable—the slim hips, the flat back, the low bust effect demanded by the mode—but at no expense of ease or freedom.

A Redfern does not "bind." The material never seems to squeeze the flesh, nor does the boning make its presence felt. There are no "tight spots," no pulling or straining. And why? Because every Redfern, for every type of figure, is correctly designed and correctly cut for the figure it is destined to fit. Let us give you a fitting—and prove it!

Looking Through Smoked Glasses or Blame Adam and Eve

Elbert Hubbard once said that "Man has a great many troubles—but most of them never happen."

The coming year is going to be the most prosperous you have ever had. It is going to be the most prosperous we have ever had.

We make these statements in spite of calamity howlers, overall brigades, panic pessimists, and election-year bogeymen.

This is a mighty good country in which to live, after all.

To be sure, prices seem high and there is a shortage of production. But nothing will happen. That is, nothing will happen to us individually unless we all get frightened collectively.

If we all learn to smile and fight, nothing can stop us. This country isn't going to the bow-wows. It's too big and too prosperous and has too much at stake to let everything go to smash. The truth is only those looking for trouble will find it.

The man who minds his business will have a business to mind. The man who is chicken-livered and yellow-hearted may frighten his business to death, but the man with a straight spine, a clear head and a stout heart is going to be bigger and richer than ever.

If you don't like to do business under the present conditions blame Adam and Eve. Don't blame the Democrats or Republicans, or the H. C. of L., or your wife, or the hired hand. This is the time for sanity—not for calamity. The country needs more lions and fewer rabbits.

There is nothing wrong with this country. It is healthy physically and sound financially, and if you do not prosper more this year than ever before it will merely be the result of fear—wrong thinking.

The men who build successfully are never bears, grumblers or pessimists, or don't look through smoked glasses.

Let your vision be clear—your mind active, and your backbone stiff.

"INSIDE FARM DOPE"

A COLUMN FOR OHIO COUNTY FARMERS SUPPLIED BY EXTRACTS FROM THE OFFICE OF THE DEAN OF AGRICULTURE AND YOUR COUNTY AGENT—ASK YOUR COUNTY AGENT

The trouble with America is that we are running without brakes, according to Roger W. Babson, the statistician in Current Affairs. Today the taste of the people is running to luxuries, he says.

"I can give you a dozen illustrations to show that people are not buying what they should buy, are not making what they should make, are not purchasing the things that will increase the permanent wealth of the nation.

"The general impression is that there is only one solution of the problem and that is a financial crash which will cause prices to tumble. I personally feel that is the thing that will probably happen, but it is not the necessary thing."

Mr. Babson then goes on to outline the necessity for increased production and decreased consumption, for co-operation in economy, saving and safe investment which are advocated by every clear thinking financier and economist in the world to meet present emergencies and which form the basis of the campaign of the Savings Division of the Treasury Department campaign to make saving and safe investment in government securities a national habit.

"A word regarding the industrial situation," Mr. Babson continues. "I am very bullish on bonds. Bonds are the only thing I am bullish on. I think that if a good many men today would liquidate their businesses, put the money into real good bonds and then spend, two, three or five years paying golf they would have more money at the end of five years than if they worked hard at their regular lines of business.

"One of the members of my organizations came to me recently regarding the purchase of an automobile. I said: 'How much do you want to pay?' He said: 'About \$2,000. Well' I said, 'if you could possibly retain your self control for a couple of years and put that \$2,000 into real good bonds and would wait a couple of years, I think that the bonds would go up enough in price and the automobiles come down enough in prices so that at the end of two years you could have the automobiles and the bonds both.'

Whether you want an automobile or your wishes take some other form of non-necessity, an investment in Liberty Bonds at present market prices coupled with a reasonable amount of self restraint will enable you to have more than you can bargain for under present conditions. Liberty Bonds, and government savings securities are safe and secure as well as profitable. They have those safeguarding features which will enable you to get the most from your money in the future.

More Silos Needed

Lexington, Ky., June 17.—Kentucky needs more silos in order to feed more livestock easier and cheaper. Particularly, this year when the farmers should consider how the late planted corn crop will be used. If the frosts come late in the fall the corn will be allowed to mature allright; but if the growing season should be a short one the man with the silo is in the safest position. At present the silos in the State would take care of only a very small portion of the corn crop and if the average farm income from Kentucky is considered with the farm income from States having a greater number of silos, the size of the income is greater in the case of the latter. Livestock feeding or dairying does not always give a guaranteed profit in a year's time; but when considered over a period of years it is profitable, and when the fertility of the soil is considered it becomes one of the best systems of farming. Information concerning the various kind of silos and approximate cost can be secured from the College of Agriculture, Lexington, Kentucky.

Good For Fraternal Orders

Wide recognition of the availability and advisability of Treasury Savings Certificates as a safeguard and investment for trust and lodge funds continues to be given by lodges of the great fraternal orders throughout the country. Not only are the individual members selecting these securities for personal investments in which safety with sure and certain return is the prime factor but the surplus funds of the orders are being extensively invested in them.

Have Succession Crops In Your Garden

Lexington, Ky., June 13, 1920.—No garden can serve its greatest use to the family unless a succession of crops is provided throughout the entire growing season. By suc-

cession crops we mean that as soon as one crop is harvested, another should be planted; for example, sugar corn makes an admirable succession to early peas. Several succession planting of beans should be made, and the supply of beets, lettuce, radishes, etc., can be made to last practically throughout the season by succession planting.

Big Power Units Of Farm Work Urged

Lexington, Ky., June 11, 1920.—Horses and mules are considered plentiful; but labor is very scarce. Therefore, the farm engineering department of the College of Agriculture, is recommending the using of large power units as a means to help solve the farm labor problem. Five mules and one man on a gang plow can plow four acres in a 10 hour day, while one man and two mules will plow about one and one-half acres in a 10 hour day.

FLEA BEETLE IS INJURING GRAPES

Spraying With Arsenate of Lead, Two Pounds of Powder to Barrel of Water, Will Destroy Them
Lexington, Ky., June 14, 1920.—A small glossy blue beetle is doing much damage to the grapes in practically all sections of the State of Kentucky. These insects destroy the leaves and lay eggs in crevices at the base of leaves and on the stems. The eggs hatch in a few days producing a sluggish grub which continues to damage both the vines and the fruit. They are not a new insect; but appear rather periodically so that it is impossible to tell just when to expect them. The College of Agriculture is recommending the use of arsenate of lead at the rate of two pounds of powder to fifty gallons of water as a means to control these insects.

PERSHING SETTLES CANDIDACY RUMOR

Would Not Permit Nomination For President

New York, June 17.—So many and highly colored reports of political plans have been ascribed to Gen. Pershing since his resignation from the army, upon his return from West Point the New York World and The Commercial Appeal asked him for a final statement on the subject. This is his answer:

"I am glad to be given the opportunity of setting at rest these wild rumors. I authorize you specifically to deny completely that I have now, or ever have had, or ever expect to have, or ever will have political ambitions. I have not the least idea that my name will be offered at the San Francisco convention, and I will not permit its use if the attempt should be made. In no circumstances whatever would I think of becoming a candidate for the presidency, or of any other political office. Such reports as have been in circulation have been fraudulent and utterly without the least base in truth. If there are any stronger words than these that you can use to make clear my version, then by all means use them."

Those who are acquainted with the general's character will understand there is no need to add to this refutation.

GOVERNMENT AGENTS WAIT FOR JOHNSON

San Diego, Calif., June 17.—Department of Justice Agents are waiting at the international boundary line at Tijuana in the expectation that Jack Johnson, former champion heavyweight pugilist, will cross the border. Johnson, it is reported, has been given twenty-four hours by Mexican officials in which to leave Mexico, and will have to cross into the United States either today or early tomorrow.

The action of the Mexican officials has been expected by the United States officials, who said it has been known that Gov. Esteban Cantu has been opposed to Johnson's remaining in Lower California. Department of Justice officials here stated that they had not been notified that Johnson had been ordered to leave Mexico, but had taken cognizance of the reports that this action had been taken.

MINERS ELECT TWO OFFICERS JUNE 26

Members of District 23, U. M. W. of A., will vote June 26 on candidates for executive board member and vice president and much interest is being taken in mining circles as to the outcome.

W. D. Duncan, who became a member of the executive board from this district, vice George Baker, resigned, is opposed, having as his opponent C. C. Bradley, of Powderly. Wes Ames, of DeKoven appointed vice president to succeed Lonnie Jackson, who advanced to the office of president when W. D. Duncan was elevated to executive board member is opposed by J. E. Phelps, of Cleaton, and C. C. Downey, of Midland.

GREAT MASS OF PROOF

Reports of 50,000 Cases of Kidney Trouble, Some of Them Hartford Cases

Each of some 6,000 newspapers of the United States is publishing from week to week, names of people in its particular neighborhood, who have used and recommended Doan's Kidney Pills for kidney backache, weak kidneys, bladder troubles and urinary disorders. This mass of proof includes over 50,000 recommendations. Hartford is no exception. Here is one of the Hartford cases.

R. H. Gillespie, blacksmith, Union St., Hartford, says: "As my trade caused me to do quite a bit of hard work and bending over I suffered severely from backache. Sometimes it seemed like a knife thrust, the pain was so sharp and severe. The action of my kidneys was too frequent and the secretions were scalding and highly colored. Doan's Kidney Pills, procured at William's Drug Store gave the best of results, and I am glad to recommend them." Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Gillespie had. Foster-Milburn Co., Mfrs., Buffalo, N. Y. (Advertisement.)

HARTFORD HERALD AND DAILY OWENSBORO MESSENGER 1 YEAR \$5.10.

Cannot Praise this Remedy too Highly

THE WAY ONE LADY FEELS AFTER SUFFERING TWO YEARS
Judging from her letter, the misery and wretchedness endured by Mrs. Charlie Taylor, R. F. D. No. 1, Box 144, Dillon, S. C., must have been terrible. No one, after reading her letter, can continue to doubt the great healing power of PE-RU-NA for troubles due to catarrh or catarrhal conditions in any part of the body. Her letter is an inspiration to every sick and suffering man or woman anywhere. Here it is: "I suffered two years with catarrh of the head, stomach and bowels. Tried two of the best doctors, who gave me up. I then took PE-RU-NA and can truthfully say I am well. When I began to use PE-RU-NA, I weighed one hundred pounds. My weight now is one hundred and fifty. I cannot praise PE-RU-NA too highly, for it was a Godsend to me. I got relief from the first half bottle and twelve bottles cured me. I advise all sufferers to take PE-RU-NA."

As an emergency remedy in the home, there is nothing quite the equal of this reliable, three-tryed medicine, PE-RU-NA. Thousands place their sole dependence on it for coughs, colds, stomach and bowel trouble, constipation, rheumatism, pains in the back, side and joints and to prevent the grip and Spanish Flu. To keep the blood pure and maintain bodily strength and robustness, take PE-RU-NA. You can buy PE-RU-NA anywhere in either tablet or liquid form.

BOARD OF HEALTH SHOWS FEWER DEATHS

Diphtheria Only Disease That Shows Increase; May Be Remedied

You will note a marked decline in the death rate from all preventable diseases, with the exception of diphtheria, for which there has been an increase over 1917 and 1918.

Diphtheria in one of the few diseases for which there is a specific treatment, and if given early enough and in large enough doses, is a practical specific in almost every case. Increase in the death rate means that physicians are not called early enough, or that they are not taking advantage of the cheaper anti-toxin kept on hand by every County Health Officer in the State and supplied free to the indigent by practically every Fiscal Court in the State.

Feet Drag?

When it is an effort to drag one foot after the other, when you are always tired and seem lacking in strength and endurance, when aches and pains rack the body, it is well to look for symptoms of kidney trouble.

Foley Kidney Pills

banish effects of kidney and bladder trouble by removing the cause. They are healing and curative. They tone up and strengthen the weakened or diseased organs. They relieve backache, rheumatic pains, stiff joints, sore muscles.

W. W. Wells, Tongue, Mich., writes: "I get great relief from taking Foley Kidney Pills. I am on my feet most of the time and get tired out. After taking Foley Kidney Pills, they make me feel like a new man. I recommend them to my customers and never have heard of any case where they did not give satisfaction."

Get Thorough Cultivation Without Hard Work

When you use a cultivator you want thorough cultivation first of all. But you want to get this result in the shortest possible time and with the least possible labor.

We want you to see why using the John Deere KC Cultivator does away with the necessity for hard work, and at the same time gets the most thorough results.

Here are just a few of its features that will appeal to you.

Using it, you can meet every field condition without stopping to make adjustments. No wrench is necessary. Cultivation at even depth and distance of cultivation from the row are

accurately regulated by means of handy levers.

Because of its parallel shift rigs, its shovels always face squarely to their work. They never track or trail in dodging on crooked rows. No uncultivated spots are left. You get thorough cultivation over all of the field.

The rigs shift quickly in response to slight pressure on the foot levers. Guiding the rigs is as natural as walking.

We want you to get into the seat of this cultivator and see for yourself how handy and reliable it is. We've never seen its equal for time-saving, labor-saving, weed-destroying work in the field.

Don't fail to come in early and get acquainted with the "K.C."

PRICE OF GASOLINE GOES

UP JUST ONE CENT

The price of gasoline advanced a cent all over Kentucky but John D. Rockefeller or the standard Oil Company are not responsible this time. Motorists must blame the last Republican state legislature. The law adding a tax of a cent a gallon on gasoline passed in the last session of the legislature goes into effect. The revenue thus derived will go to maintain the highways of the state.

3 CHILDREN MISSING, SEEKS DIVORCED WIFE

Washington, June 21.—Convinced that his divorced wife can shed some light on the mysterious disappearance of his three children who disappeared last week, Kennis E. McQueary, Treasury Department, who came here from Frankfort, Ky., asked the Washington police to look for her.

Mr. McQueary was divorced from Maude McQueary, mother of the children, in Frankfort in 1918. She since has married Eugene Kelley with whom she went to California.

Last January McQueary and his three children, Catherine, 11 years old, Smith, 9 and James 7, came to Washington.

McQueary was advised of disappearance of his children when he learned that they did not appear at school. At the school it was said that a woman who bore a striking resemblance to the girl, Catherine, called at her classroom during the lunch hour. She asked for the girl, and, when told she had gone to lunch, left.

Mr. and Mrs. Earl Davis, of Centertown, visited Mr. and Mrs. John Lindley Saturday night

IN LOVING MEMORY OF PHIL R. ROBERTSON

The subject of this sketch was born May 28, 1838, and departed this life, February 9, 1920. Age 81 years, 8 months and 21 days. Married to Bettie Wade, Sept. 14, 1865, she having preceded him to the great beyond, 16 years lacking 3 days.

With little or no educational advantage in very early life, we see in our mind's eye, this young man with determination and self-will struggling to attain the rudiments of an education in early manhood, and with determination that would brook no denial, he succeeded in obtaining (for this time) a common school education and taught for a number of years in this and adjoining counties.

This same resolute spirit characterized all his undertakings throughout his long and busy life, while not always successful, for often reverse attended his efforts, and he became discouraged, but never gave up, verifying the adage we have often heard him use, "he best succeeds, who dares." He was a fearless and ardent advocate of the right, as he saw it, and a Christian from early life.

His constant companions in latter days were some of our best authors, as the worn, tear-stained and soiled books will attest. A great admirer of nature, never tiring of looking at a beautiful sunset, landscape or starry firmament, often in the contemplation of these wonders of nature and the "Hand that made them" he would be moved to tears.

With a kind and loving heart, a smile and a word of cheer, and a hand that was always willing to help some one on "with the load" he will be missed, but these virtues, so

beautifully exemplified, will be as "footprints on the sands."

God calls our loved ones, Yet we lose not wholly what he has given; They live on earth in thought and deed As truly as in Heaven."
